Wood Is Favorite Against Whole Field, Rivals Uniting on Morn of Ballot Day

CHICAGO, June 11 .- The last news at 1 o'clock this morning (3 A. M. New York) as to the general possibilities of the big day

Frank H. Hitchcock, Major-Gen. Wood's strategist, feels that Wood has a first rate chance of winning on the fifth or sixth ballot. He says it is nonsense to assert that Wood cannot be nominated if he fails to develop overwhelming strength by the third or fourth ballot, because it is not the plan to bring out the real Wood strength until after the third or fourth ballot.

The anti-Wood forces, the "field," are striving eagerly this morning to organize a workable combination against the favorite. Their plan is now to permit two or three ballots this afternoon and then to force an adjournment and get together for more anta-Wood planning. The Wood camp will fight adjournment, probably successfully, because the delegates are in no mood to countenance delay. It is hot and the high cost of conventioning in Chicago is getting to their pocketbooks

Lowden stock is down-at least at this hour. The talk is that hidden scandals in Missouri are frightening off the Old Guard who could, it is surmised, roll up a formidable total for Fank O. The dark horse last minute gossip leans to Hughes, Allen and Sproul.
